WILL RAISE SUBSCRIPTION PRICE

It Is Compulsory To Have A Deputy Reeve

Citizens Have No Say In The Matter — Municipal Act Says Office Must Exist If Required Number Of Voters Are On List—Clerk Has Power To Appoint An Elected Councillor.

When Grimsby citizens go to the polls at the next municipal election, in January, if there is an election, they will be asked to vote for a new office holder, known as a Deputy-reeve, which incidentally gives Grimsby one more seat and vote on the County Council.

This new office is created by the fact that Grimsby now has over 1000 voters, the required number, on the Voters' List, and therefore is entitled to a second representative on the County Council, whether the Mayor and Council and the citizens at large deem it necessary or not.

According to the Municipal Act there must be an office of Deputy-reeve when the required number of voters exists. If no person qualifies for the position and no one is elected then Clerk G. G. Bourne has the power to appoint any councillor that he chooses to the position. If such a designated councillor refuses to accept the position, Clerk Bourne is not sure what the next step would be.

Saved From Jail By Fall Plowing

Allan Ball Fined \$30 And Costs For Theft Of Grease Gun From Farrell Haulage.

On the evening of Sept. 16th, Ernie Montgomery, an employee of Farrell Haulage came down town for the purpose of greasing the Farrell bulldozer that was engaged in taking out the foundation for the new Thompson block. He had in his car a special type grease gun for doing this work.

He left his car parked in the rear of the Village Inn for a short while and when he came back the gun had vanished. He notified Chief W. W. Turner and stated that the gun was worth \$10.

Shortly after the theft had been reported Chief Turner became suspicious of the actions of a certain man and in his investigation of the theft he found that his suspicions

(Continued on page 4)

"Red" Graham Has A New Job

Is Self Appointed Agricultural Representative For West End Of Town — Four Big Potatoes.

"Red" Graham has a new job. A self-appointed one.

He is District Agricultural Representative for the Paton Street and Fairview avenue section of Grimsby, and just to prove that he is really on the job he visited The Independent one day last week and deposited upon the desk of the editor four potatoes.

These potatoes were grown by Mrs. W. W. Turner on the Turner estate on Fairview. The four of them weighed three and a half pounds. Now this is not a phenomenal size or weight for four potatoes, although it is mighty good, but the fact that they grew to that size in the red shale ground of Fairview is what made the eyes of the editor pop out. It showed fine gardening work on the part of Mrs. Turner.

"Red" says that this is only a start, that some day if the dynamite holds out, Fairview district will be a real agricultural centre.

Woman Charged Concealing Birth

Infant Found Buried In Ground At Winona Jam Plant—Husband Of Woman Found Child.

A charge of concealing a birth has been preferred against Mrs. Bertha McEachern, 26, of Winona, who was arrested Tuesday afternoon by Ontario Provincial Police.

Mrs. McEachern's arrest followed police investigation of the finding of the decomposed body of an infant boy buried at the rear of the E. D. Smith & Sons' cannery factory at Winona. The discovery was made late Saturday afternoon by John McEachern, husband of the woman held, who is an employee of the factory.

McEachern was digging a plot of ground adjoining the jam plant when his spade struck what he first thought was an old bundle of clothing. Unwrapping the bundle, McEachern discovered it was the

(Continued on page 10)

Yum! Yum! Look At Those Cherries

A few of the old time fruit growers spotted this picture just as soon as they laid eyes on it. The gentlemen at the desk was one of the most prominent fruit growers in the district 45 years ago, and for some years after. He is the late Linus Woolverton whose fruit farm and home, the house with the towers, was on the north side of No. 8 Highway, just west of the Woolverton mountain. The odd shaped basket was used to a considerable extent in the olden days, particularly for shipping extra fancy packed fruit, as the grower of those days seemed to take more pride and care in his packing than the grower of today does. Mr. Woolverton was a deep student of fruit growing and was the man who established and edited for years the present publication, The Can-

on and after the First Day of November it is going to cost the readers and subscribers of this Great Moral Educator and Profound Moulder of Public Opinion \$2.50 a year to secure this paper.

We have no more desire to raise our subscription price than we have to go and jump off the Point. But it is a case of compulsion.

There are only two items in connection with our business that have not risen since V-E Day, they are Hydro rates and Water rates. Wages, paper, ink, metal, machinery parts, type replacements, every blooming thing has gone up from four and one-half per cent to 50 per cent. In fact everything has gone up except the publishers' wages.

In raising the subscription price of the paper to \$2.50 a year, we are still keeping within 10 cents of our counter sale price, which is, on 52 issues in a year, \$2.60. The counter sale price will remain the same as usual, five cents a copy.

When you get a copy of The Independent today you are getting a piece of paper that cost us in 1943, \$74.25 a ton, sales tax included, transportation charges paid. Today that same paper costs us \$113.00 sale tax included, and we pay the transportation charges from the warehouse, wherever it may be located and fight like . . . in order to get our tonnage.

The Independent has always been a first quality production, because it is serving the First Quality. While a lot of you people were eating T-Bone steaks and other tid-bits last Sunday, all the Editor had to eat was soup.

Fruit Trees Free of Disease

164th Anniversary Is Celebrated

Beamsville Baptist Congregation First Held Services In A Log Cabin In 1782 — First Immersion 1808.

The 164th anniversary of the Beamsville Baptist Church took place on Sunday, when important services were held both morning and evening, the speaker for this auspicious occasion being Rev. T. B. McDormand, editor of Baptist Publications.

The Baptist congregations of Beamsville and Clinton go back to the year 1782, the first meeting place was a log building and the first resident minister was an Elder William Holes. The site of the building he once preached in is now some distance out in the lake.

In 1808 Jacob Beam, Sr., made the Baptists the gift of the present site on Mountain street for a church, school and burying grounds. It is stated that about that year after a discourse on Baptism by one Ashael Morse at the home of Statta Overhol, one John Gray was immersed in the blue waters of Lake Ontario, the first recorded addition to the congregation by immersion.

Father Kohut Has Arrived In Rome

Rev. Father Nicholas Kohut, O.S.B.M., has arrived safely in Rome, as the following postcard from him shows:

Rome 13:46

Dear Mr. Livingston:
"Greetings to you, Mayor Bull and all the citizens of our dear Grimsby. I had a wonderful trip from New York to Paris where I arrived at noon on October 4th. After two days in Paris I left for Rome where I arrived safely on October 8th. God Bless All of You." Rev. Fr. Kohut.

Report of Fruit Pest Inspector To Township Council The Best In Years—Deputy Attorney-General Explains Why No Inquest Held On Highway Accident — Will Seek Site For Garbage Dump.

That North Grimsby is practically free from infectious diseases on peach and plum trees was shown by the report of Fruits Pest Inspector George Mould, as submitted to North Grimsby council, in session, on Saturday last. His report shows that he inspected between 120,000 and 130,000 peach and plum trees and only found 68 trees that were infected. This is the best report along this line that has ever been made to council and shows beyond a doubt that the disease of these trees can be controlled by proper spraying methods.

Last February council placed an order with Anderson Motor Sales for the purchase of a new three-ton Fargo Truck, the same to be delivered within 90 days (June). To date the firm has been unable to make delivery. As a result the costs to the township this year for hired trucking has been very heavy. On Saturday council rescinded this purchase order and placed an order with Watson McPherson for a four-and-a-half ton International truck, provided same is delivered before the end of the month.

Clerk Allan reported that 10 Grand Jurymen and 30 Petit Jurymen had been selected from North Grimsby for the December sitting of the Assizes.

Joint Fire Committee accounts for \$22.99 were ordered paid. Relief accounts for September

(Continued on page 10)

Grimsby Weather

Week ending at 8 a.m., Monday, October 21, 1946.

Highest temperature 70.0

Lowest temperature 33.0

Mean temperature 51.2

Precipitation 1.62 inches

The Independent in 62 years of publication has never had but two subscription rates, \$1. then \$2. Now with the rising production costs we must go to \$2.50. Therefore on and after November 1st, it will cost you \$2.50 a year to assimilate knowledge.

JOB PRINTING

There will be no change in job work prices for the present, but we are holding out no hopes that they will not rise.

ADVERTISING RATES

Of necessity advertising rates must also rise. From November First onward, our rate to local advertisers will be 30 cents a column inch instead of 25 cents. Transient advertising 40 cents a column inch instead of 35 cents. National advertising rates will be raised accordingly.

Classified Advertising rates are also rising. There are two reasons for this raise. One, the increased costs and the other due to the fact that on at least 30 per cent of our classified ads. we lose money. We mean that a person telephones in a classified ad. A 25 cent ad. By the time that ad. is paid for the person has been billed three times. Each billing costs in postage and stationery five cents besides the time of the bookkeeper. From November 1st, Classified Advertisements will be three cents a word with a minimum of 40 cents, instead of two cents a word and a 25 cent minimum. Moreover we are forced to get tough on collections. Henceforth we will only bill the customer once, free of costs, for a classified advertisement. Every billing after the first one will have 10 cents billing and postage charges added.

Psychiatrist Has Been Appointed

Dr. H. D. Mitchell will work in conjunction with Health Units in Lincoln and Welland Counties.

The Provincial Department of Health has appointed a district psychiatrist to give full-time service to the Counties of Lincoln and Welland. This was formerly handled on a part-time basis from the Ontario Hospital at Hamilton.

Dr. H. D. Mitchell of Toronto, has been appointed to this position. He has for many years been on the staff of mental hospitals in Ontario. He served for 5 years as a psychiatrist with the R.C.A.F. and attained the rank of Wing Commander. Since his discharge he has been an inspector of mental hospitals for the Provincial Department of Health. He will reside in St. Catharines.

Dr. Mitchell will conduct regular mental health clinics at the hospitals in St. Catharines and Welland. In addition, his services are available to physicians for consultation. His work will be closely integrated with the County Health Units in the two counties.

This is an important step forward in mental health since it will give these two counties a readily available skilled diagnostic and treatment service.

Roxby Time Table

People who wish to see the famous picture "Bells of St. Mary's" at the Roxby Theatre on the first four nights of next week should make sure of the time of the showings.

First, there will be a matinee on Monday afternoon at two p.m.

There will be three shows each of the four nights starting at six, eight and 10 o'clock each night.

In all, the picture will be screened 13 times during its run in Grimsby.

Be Generous To Your Community Hospital

Grimsby Salesman Gets Promotion

Erwin Phelps Now Sales Manager For Niagara Sprayer Co., For All Ontario — 18 Years Service.

Big Drive For Funds For West Lincoln Hospital Will Start On Nov. 9th—\$3600 Needed To Complete Paying Contractors—Peggy O'Neill Starts Canvas Going With Big Dance At The Inn.

With the close of the year in sight, the Directors of the West Lincoln Memorial Hospital are making a special effort to clean up the job before the end of December.

The building and establishment of this Hospital by public subscriptions has been a big job. The Institution has now settled down, and has become a regular part in the life of our community, meeting all that was expected and more in many cases than thought possible by many, even the sponsors.

In many centers at this season, a thought is given to the Home Front, community betterment and such like, and with this thought a Home Front appeal is being planned.

The requirements to finish this job is not great, around \$3,600.00 is needed to pay off the contractors.

Chopping Mill Changes Hands

Watson McPherson Sells To Messrs. Furness And England Of St. Catharines — Will Continue Other Business.

Another business deal was completed this week when Watson McPherson, proprietor of Grimsby Fuel and Feed, disposed of the chopping mill at the C.N.R. station and the feed business at the corner of Main and Mountain streets to Messrs. George L. Furness and Thos. A. England of St. Catharines.

Mr. McPherson and his son Ray, will continue to handle the International truck and farm implement agency, their potato business and their coal business from the store on Main street.

(Continued on page 4)

Full Course Meals Were 25 Cents

You have oftentimes heard the quaint old-time expression, "Would be 'Times Have Changed Since Hannah Died.' Well in this case it is. This photo shows the old Lincoln House Hotel in town, ears ago—the old walnut tree, one of the then numerous lost at that time. Along about 1908-10 the old Minetform of the veranda, street level, was removed and in its place a concrete floor was laid which extended out to the outside. The name changed to Hotel to the outside were wooden sidewalks in those days. The Grimsby O. Konkle cut the old tree down shortly after the late Judge War. Then in 1926 Gordon A. Hannah, "the First Grimsby" came to town and from that date onward Farmer Phas been a steady and modernistic improvement toward the hotel, both inside and out. That sign extending to the old building on the left carried the word "livery", as from the two livery stables at the rear of the hotel operated there was Jas. A. Livingston in conjunction with the horse-drawn Quality Meat Market. Tempus Fugit.

FACTS & FANCIES

Frank Fairborn, Jr.

MA SAYS—

"I never expected to live to see able-bodied Canadians being paid for idleness because my work is 'unsuitable' to them."

HYDRO-EQUIPPED FARM HOMES EMPTY

Drive along the Ridgetown Road between Ridgetown and Blenheim in Lambton County, Ontario, and you will find seventy empty houses, five of them with hydro. This fact was stated at a farm meeting in Toronto by R. M. Morrison, second vice-president of the Ontario Federation of Agriculture. "Some of us feel that immigration is the only answer," said Mr. Morrison.

In an economy in which people are paid for idleness because farm work or house work is "unsuitable" to them, and many urban workers get twice as much pay, for half as much work, as farmers, immigration is the only answer. Immigration, plus a recovery of economic sanity of course.—"The Scene."

THE HABIT STICKS

Farmers of Canada were among the shrewdest buyers of Victory Bonds during the war, records show. Once they had cleared off pre-war indebtedness and had begun to benefit by the increased wartime demand for agricultural products they became steady purchasers throughout the successive Victory Loan campaigns.

So it is not surprising that the sale of Canada Savings Bonds during the first week revealed that the man on the farm, and his wife, have not forsaken a habit which they have found to be good for themselves. From rural districts of each province, comes the same story—the sale of Canada Savings Bonds is "steady."

It has often been stated that the farmer proves a tough customer for the salesman—that he is hard to sell on the first approach; but that once sold, he stays sold. Whether or not such an assessment is a fair one in its entirety, might be argued. But at any rate, so far as bonds are concerned, the latter part of the statement appears to be correct.

SOMEONE SHOULD TELL UNCLE JOE STALIN

Once upon a time in Canada, when the world was relatively sane, men could be farmers, carpenters, hardware merchants, mechanics, manufacturers, druggists or general storekeepers, and get about the same return from similar investments of time, skill and energy.

In the first decade of the present century one could choose a vocation, in many parts of the world, and enter at his pleasure. Goods and services offered or wanted were acquired by paying the going price established by supply and demand.

In the one world of that day transactions with London, New York, Shanghai or Timbuctoo, were made with ease through people who knew what goods, services and various currencies would bring throughout the world and who exchanged them with a good deal of freedom.

Canadian farmers, producing for the then one world, were rewarded automatically by the sale of their produce in a relatively open world market. The needs and wishes of buyers everywhere determined the adjustments which farmers and others made in their production.

The real wages of farmers and carpenters, printers and plumbers, rural and urban workers, were kept constantly at exchangeable levels by the free play of the wants and wishes of buyers and sellers over wide areas.

The rewards of workers, high and low, were determined by their own skill, industry and effort. It was possible for the best workers to engage in agriculture or industry on their own account and to prosper; to satisfy the progressive urge that grows in the hearts of civilized men who are ready to give more to get more.

In the democratic countries there were no purges or liquidations. No army of stern overseers, was needed. Vast state-planning schemes did not break down, as they do inevitably, sooner or later. There were no firing squads for economic failures, no liquidations, no purges. To the extent that the economy was free, men reaped the rewards of their wisdom and production or the economic penalties of their own follies. The poverty and misery of the poor was being eliminated rapidly by prodigious production. The world was moving as close to perfection as men are likely ever to come.

War destroyed that world. Only freedom can restore it. Peace and freedom could work unpreceded wonders throughout the world, including Russia. Someone should tell Uncle Joe, and on the way home drop in at the other world capitals to remind them of what made the good in the world, pre-1914.—John Atkins in "The Scene".

RURAL AUCTION

To the many fluttering leaves which indicate that Canada is knee-deep in autumn add still another—the vari-colored handbills which proclaim that the reason of farm auctions is at hand.

This is not evidence of a "back from the farm" movement. The autumnal auction dates back to the days of knee breeches and flintlock muskets, and the "Dispersal Sale" far outnumbers the "Closing-out" auction.

The farmer, like the enterprising merchant, each fall takes account of stock, compiling a list of surplus goods, ranging from harness to harrows and "other articles too numerous to mention," and offers them at auction.

While the sale bill still follows the pattern of the eighties, the makeup of the attending crowds has changed considerably. It now includes a sizable sprinkling of city dwellers. Antique collectors attend in considerable numbers, and businessmen come to renew old friendships and form new ones.

The rural auction enables the husbandman to secure still-scarce machinery. It affords not-to-be-sneezed-at revenue to the newspapers which print the advertisements and to the small fry who distribute the dodgers. It enables the owner to dispose in one day of articles which ordinarily would require weeks or months to sell. And, through serving lunch, the ladies' organizations realize a neat sum.

In spite of the auctioneer's lusty-lunged "Going, going, gone!" may the farm auction long stay with us.

'WAY BACK WHEN

Frank Fairborn, Jr.

Continuing this week from Page's Historical Atlas we find the early pioneer residents who settled in Grimsby Township had anything but a "bed of roses" in their efforts to hew their homes out of the virgin wilderness. That they were eventually successful in their efforts this district today speaks for itself.

Charles Meredith, Thomas Harris, Thomas North and Lieutenant Monroe, began their improvements soon after; Robert Lounshin, Dr. Utter, John Beam, Solomon Hill, Wm. Lawrence, John Beamer, from N. Jersey; Peter Bouslaugh, from Virginia; D. Palmer, and others, including the Merritts, from Katskill, in what is known as the "Merritt settlement," and some of the McCollums, John Harris, Wm. and Thomas Bridgman, along the 20 mile creek. William Walker, from Virginia, obtained lots 1 and 8 in the 6th concession, and 11, 13, 14, 15, 16 and 17 in the 7th concession; his son Ralph, one of the hardy pioneers, settled on the mountain on lot 16, when the road up the mountain was only a zig-zag path; up this path he drove his oxen singly while he carried the yoke and chains; he also carried on his back up the same steep ascent, his provisions, furniture, seed grains, plough, harrow and farm implements of that day.

It is related that two children of the Pettit family (late deceased) were brought from New Jersey to Grimsby, one in a basket each side of the horse on which the mother also rode.

The Muirs and some other families settled in what is now called the Muir settlement, in 1815. The Coons, Halsteads, Buckbees, St. Johns, and others settled in the south-west part in the 8th and 9th concessions in 1825.

Among other early settlers were Lewis, Wilson, Wilcox, Woolverton, Hickson, Milmine, Kitchen, Bell, McIntire, Russ, Palmer, Terrybury's and others. Morris Terrybury is said to be the father of twenty-five healthy children, none of them twins or triplets.

The first mills, as already stated, were built at Grimsby by John Green. The next grist and saw mills, built by Nathaniel Griffin, in 1794, on the 30 mile creek. The next in order of time were built in 1816 by Smith Griffin, on the Jordan, (or 20) Smithville. Smith Griffin was the first merchant in Smithville, and during the war of 1812-15, brought all his goods from Montreal by sleighing, the distance being as the roads then were, nearly 500 miles. Henry Nelles and William Crooks, were both in the mercantile business in Grimsby village before the war.

The first regular religious service in the township was the Church of England, performed by Judge Pettit, in 1787, in his own and occasionally in his neighbors' houses, until the building of the log church in 1794, where the stone church now stands on lot No. 11—built in 1812. The second church (Methodist) was built in 1802, on the mountain, 30 mile creek, first resident Methodist minister Rev. Elijah Warren, at Smithville, 1818. The third church (Methodist), built at Smithville in 1821, where the present brick church now stands. First resident church of England minister, Rev. Wm. Sampson, at Grimsby, in 1827; prior to W. Sampson's incumbency, the Rev. Robert Addison, of Niagara, made pastoral visits to Grimsby. Rev. W. W. Eastman, (Presbyterian) in 1816, the first resident minister in the Township. The first school house made of logs in 1794, a little east of the village of Grimsby. The same year another school house erected at 30 mile creek, teacher John French; in 1795 another was built at Smithville. In 1816, one built in the Merritt settlement. In 1817, another school house built at Woolverton, and another on the mountain near Bonalouche in 1810. The first white child born in Grimsby was the late William Nixon, Esq., in 1792.

Grimsby has now (including two villages) 14 public schools, two high schools, generally 2 or 3 private schools, 5 Methodist churches, 2 M. E. churches, 3 Roman Catholic, 1 Church of England, 1 Presbyterian, 1 Baptist, 1 Universalist, 1 Disciple, and 1 Union. This Township has expended large sums for improvements of the roads, having sixteen miles of macadamized road.

It may also boast of producing as many public men as any rural municipality of its size, which may be put down as follows, viz. six members of Parliament, one Legislative Councillor, twenty ministers of the Gospel, eleven doctors, eight surveyors and engineers, six artists, one portrait painter and entomologist.

Grimsby furnished a member (Mr. Pettit) to the First Parliament of Upper Canada. In 1803, Solomon Hill, of Smithville, formerly from Coeymans, N.Y. (a very clever speaker,) and Colonel Robert Nelles, were elected above seven other candidates. Election was held four days; each candidate was required to pay a guinea each morning, at the opening of the polls. Some years afterwards, two other citizens, viz. William Crooks and Dennis Woolverton, were successively members of parliament. In 1830, Abraham Nelles, Esq. was called to the Legislature Council.

His Excellency, Governor Simcoe, predicted that the village of Grimsby, would, in a few years from the period of his administration, become a county town, as it had great natural advantages. Most unfortunately, the predictions of his Excellency and the expectations of others, have not been realized.

Grimsby village is beautifully situated between the Mountain and the Lake, having a delightfully romantic appearance, containing about six hundred inhabitants. Has 4 churches; C. of England, Methodist, Presbyterian, Roman Catholic, and Baptist. Four resident ministers, three doctors, two surveyors, one conveyancer, one high school, one public school, Mechanics Institute, containing nearly 1,000 volumes, one Grange, one lodge of Good Templars, a public hall, two taverns, one brewery, one fruit canning factory, two saw mills, two grist mills, one foundry and machine works. Three merchants shops, two butcher shops, one druggist, one tinshop, two boot and shoe shops, two groceries, three blacksmith shops, two carriage makers, one harness maker, a station of the G. W. Railway, and a drill shed; and in the adjacent mountain, are inexhaustable quantities of building stone.

The meanest trick is to unjustly abuse a worthy man.

It's better to tell the truth and run, than to lie and get caught in the act.

Economizing for the purpose of being independent is one of the soundest indications of manly character.

Industry, Economy, Honesty and Kindness form a quartette of virtues that will never be improved upon.

Prices! Have they got you worried? Well, here is one price to feel good about. You can buy more Hydro energy for one cent today than at any time in history!

Compared with the dips and peaks of general living costs, the cost of Hydro service to Ontario consumers has come down constantly since 1914 . . . even dropping during war years. Today one cent buys about twice as much as in 1923 . . . almost five times as much as in 1914.

Think of the work that one cent's worth of electricity can do today, in an average Ontario home. It will give electric refrigeration for 24 hours . . . cook a full meal for two people on an electric range . . . operate a washing machine for two hours, an electric ironer for half an hour, a hand iron for an hour . . . light a 100-watt lamp for 10 hours, or run an average radio all day.

Few people in the world have electricity available to them. Present demands tax supply facilities to capacity since this economical and expansion materials and equipment makes it impossible to rapidly already planned. Until these conditions are relieved, use servants wisely.

Country Store

Remember the little country store at the cross-roads where mother and dad used to drive Saturday mornings, the back of the democrat loaded with eggs packed in sawdust and fresh rolls of butter wrapped in a clean cloth, and covered with rhubarb leaves to keep them cool.

Once inside the store door you entered an enchanting world where barrels of ginger-snaps and red apples sent out a heady odour, that you were to remember as long as you lived. On the shelves were jars filled with bright candy sticks and there were heavy overshoes and work clothing, warm mitts, and bolts of bright calico, fancy combs and pins for mother and the girls to admire and perhaps buy if the butter and egg money lasted long enough.

After the rolls of butter had been weighed and eggs counted, they were given the worth of them in trade . . . sugar . . . tea . . . turpentine seed . . . baking powder . . . flour . . . a couple of yards of print for an apron . . . candy for a little boy.

That was what the little store held for them—TRADE. Exchanging the fresh good produce they had in abundance for other commodities they needed to keep their little world going.

In the larger world in which we live TRADE is more important than ever, without it we could not survive. Canada is a vast wheat and cattle country. We produce millions of bushels of wheat more than we can use. Without export trade our stocks of hogs and cattle would swamp us in no time. We'd bog down in a mountain of eggs unless we could export them. Our warehouses would burst with our surplus stocks if we couldn't sell them on the markets of the world.

Not only that—we couldn't buy the merchandise we need unless we sold our own. Money works two ways you know . . . trade works exactly the same.

For instance: For the first seven months of the present year our export merchandise amounted to \$1,251,480,000; imports for the same length of time were valued at \$1,141,490,000.

Wheat flour production this year has reached an all time high a little above two million barrels a month. The fruit crop estimate is also higher than the ten-year average. The apple crop is estimated at over 15 million bushel, 100 per cent higher than the 1945 crop.

Pears have staged a come back with an estimated 816,000 bushels. Plums and prunes 642,000 bushels, peaches are 60 percent higher than the 10-year average, cherries, grapes, apricots have all made an all out effort to beat their own record.

Fowl recently shipped on the S.S. Manchester totalled 425,000 pounds. In the first seven months of 1946, forty-five million pounds of beef were sent to Britain alone with three million pounds for the Netherlands. Besides this thirty million pounds of beef was used in the production of canned meat. These exports represent the product of 167,000 head of cattle. The good ship S.S. Corrales also loaded 58,000 cases of eggs for Britain last month.

That's the story of trade. A few dozen eggs, a few pounds of butter, a couple of dressed chickens, traded in at the little country store for sugar and spice, multiplied perhaps a million times into a nation's foreign trade. But the idea is the same, exchange of goods to the mutual satisfaction of all concerned.

As long as our money remains stable we will be able to maintain our trade, with cheap money our trade falls off and everyone suffers. Inflation is the surest way to commit national suicide. A sound trade is our insurance against hard times.—Edna Jaques.

Hello Homemakers! During this fruit season, the apple is inestimable. It was not enough to realize the lack of apples last winter and spring, but every day the song—"an apple pandowdy" tantalized us. Now we can use apples in Pandowdy and many other ways. Let us process some in jars too.

CANNED APPLESAUCE

Wash and cut unpeeled apples. Put in large kettle with half as much water as apples. Boil with cover on 15 mins. Push through sieve, and to each quart (4 cups) strained apple pulp add $\frac{1}{4}$ cup sugar. Bring to boiling-point and boil 3 mins. Fill hot sterilized jars to within $\frac{1}{2}$ inch of top and seal at once.

N.B. If desired, pack the sweetened applesauce into clean jars filling the jars to within 1 inch from top. Adjust cover and partially seal. Process in oven or hot water bath for 18 mins. Then complete seal, if necessary.

APPLE AND PEANUT BUTTER CRUMBLE

Peel and slice 6 or 8 medium apples and place in a long shallow baking dish. Add $\frac{1}{4}$ cup water, and if they need additional tartness add about 2 tablespoons lemon juice. Season with 1 teaspoon cinnamon. Then mix $\frac{1}{4}$ cup flour, $\frac{1}{4}$ cup brown

1 tsp. salt, $\frac{1}{4}$ cup cold water.

Filling

3 lbs green apples (7-8 medium size), 1 cup sugar, 1 tsp. cinnamon, $\frac{1}{2}$ tsp. nutmeg, 1 tbsp. butter.

Roll dough out on cold bread board. Line 9 inch pie pan with crust. Peel, core and cut apples into very thin pieces. Mix sugar and spice and sift into apples. Place in pie shell and dot with butter.

If apples lack flavour, sprinkle with 1 tbsp. lemon juice. Put top crust on pie, prick, and brush with 1 egg beaten in $\frac{1}{4}$ cup water. Bake in electric oven 425 degs. for 50 mins.

FRUIT ROLY POLY

1 cup flour, 2 tbsp. shortening, 1-3 cup milk, $\frac{1}{4}$ tsp. salt, 2 tbsp. baking powder, sliced apples.

Sift dry ingredients, work in shortening with the finger tips, stir in milk, knead and roll out as biscuit dough keeping in rectangular shape. Spread with the sliced apples and roll as jelly roll. Wrap in piece of cheesecloth. Steam for 45 mins.

GINGER ALE FRUIT SALAD

2 tbsp. gelatine, $\frac{1}{4}$ cup cold water, $\frac{1}{2}$ cup boiling water, $\frac{1}{4}$ cup lemon juice, 2 tbsp. sugar, $\frac{1}{2}$ cup grapes (Malagra), 1 banana, 2 apples, 1 orange, 1 cup ginger ale, $\frac{1}{4}$ cup chopped nuts.

Soak gelatine in cold water 5 mins. and dissolve in boiling water. Add lemon juice, sugar and ginger ale. Cut grapes in halves and remove seeds. Slice banana. Peel and chop apples. Separate orange into sections and remove membrane. When ginger ale mixture begins to thicken, fold in fruit and nuts. Turn into moulds and chill in electric refrigerator.

SUGGESTION BOX

Mrs. C. M. says: Cut meat in julienne style (that means in long, thin strips) and dice the whites of hard-cooked eggs. Combine with celery cut in strips, capsers, sprig of chives, and mince parsley. Toss together with thick french dressing. French dressing is thickened by beating in yolk of raw egg.

Mrs. A. W. says: Try a fish spaghetti dish for a cline. In a casserole put alternate layers of 2 cups cooked spaghetti minced with $\frac{1}{4}$ cup chopped parley, 1 cup leftover fish and 1 cup white sauce. Add $\frac{1}{2}$ cup chili sauce; heat in oven until hot; sprinkle with cheese and let it melt.

Mrs. J. B. says: Tomato sherbet is delicious on a lad. Scoop out pulp of tomato — crush through

sieve; add dash of curry powder and salt. Put in freezing tray of shows a night, for four nights, October 28, 29, 30, 31.

Without Makeup!

Movie-goers will see lovely Ingrid Bergman exactly as she is, without any benefit of Hollywood's magic glamorizing in Leo McCarey's new comedy-drama, "The Belle of St. Mary's" a Rainbow Production for RKO Radio release, in which she is co-starred with Bing Crosby.

In her role of Sister Superior Benedict of the parochial school of St. Mary's, she wears no makeup, no lipstick, and no false eyelashes. Furthermore, as her hair is completely hidden beneath her nun's headdress, she had no long and tiresome hair-do to go through each morning; neither had she any tiresome costume fittings, since she wears her Sister's habit throughout the picture.

"Bell of St. Mary's" will be pre-

"Honey" Shelton
Next Door to Dymond's Drug Store"that's a fine home
you're building!"

YES, I think I'm going to like it.

I wish I had a home of my own.

Well, why not?

My wife has the idea that it would be a great worry if anything happened to me.

Nothing to it, my boy. The arrangements I've made with the SUN LIFE OF CANADA will clear the mortgage in the event of my untimely death.

I never thought of that. What about the cost?

Insignificant! In fact, it adds very little to the carrying charge of the mortgage.

You are a home-owner, make your investment safe for posterity. A SUN LIFE man will be happy to talk it over with you.

THE GRIMSBY INDEPENDENT

CONTINUATIONS

From Page One

SAVED FROM JAIL

were correct, for that was the man he found in possession of the gun.

In Magistrate Campbell's court in St. Catharines on Friday, Allan Ball, who lives on No. 20 Highway, at the end of the stone road, was charged with the theft which he admitted. His Worship was on the point of imposing a jail sentence when the accused pleaded that he still had 200 acres of fall plowing to do before the freeze-up. In view of this fact Crown Attorney Lancaster agreed to a fine and Ball was assessed \$30 and costs.

CHOPPING MILL

Mr. Furness and Mr. England are both young men who for 10 years were employees of the Canadian National Railway in St. Catharines. They both served three and one-half years in the Royal Canadian Navy in this war.

They have taken possession of the mill and will continue to operate it as in the past with the same staff. All flour and feed business will be conducted from the mill.

Messrs. McPherson will make some changes to the Main street store and are already constructing several new coal bins along the west side of the C.N.R. siding at the station.

164th ANNIVERSARY

Some of the elders and ministers who served in the past were Elder Holmes, 1808; S. Burdick, 1816; Elder Thomas Morgan, 1825. The present imposing edifice was dedicated with appropriate ceremonies in 1858.

Some of the ministers of this church best remembered are, Rev. James Mackie, 1865-1868; Rev. Dr. Hooper, 1876-1880; Rev. John Stewart, 1882-1885. During this period the present vestry was built. Rev. I. M. Chapman, 1885-1886; Rev. John O'Neill, 1890-1894. The present pastor is Rev. F. G. Balston, B.A., B.D. So have the old Christian landmarks been perpetuated through all these years by the Baptists of Beamsville. A noble band with a grand history indeed.

IT IS COMPULSORY

The election of a Deputy-Reeve does not increase the size of the local council. Under the new set-up the council would be composed of a Mayor, Reeve, Deputy-Reeve and five councillors instead of six councillors as at the present time.

Apparently the council or the citizens have no say in the matter as to whether they send a second representative to County Council to do nothing and get nowhere at added expense to the ratepayers. The Municipal Act says just what shall be done and that is all there is to it, except to find a man who is foolish enough to accept the position and waste his time and the money of the citizens back-scratching and David Harum horse trading down at County Council.

BE GENEROUS

tors, and some money owing on X-ray equipment is spread over time payments for the next eighteen months. Not bad in these days when no one can estimate with certainty the cost ahead on any project.

The plans now being worked out call for a general canvass in the Grimsby area, much along the lines of those previously conducted by Ralph Boehm and his group of workers for the Red Cross and last year the Hospital.

Under the leadership of Mrs. James Walker, head of the Ways and Means Committee of the Grimsby Branch of the Ladies' Auxiliary, each woman's organization, (seven in all) are being called on to supply its quota, to make up twenty five workers. In a similar way there will be twenty five men making a total of 50 to do the job, and spread out this work.

To lead the way Miss Peggy O'Neill of The Village Inn will have an Anniversary Dance in The Oak Room of The Village Inn on November 5th, of which all proceeds will go to this drive. On November 9th the canvass will get under way and should be completed by November 16th in the following week.

Miss Ann Crane will as usual take care of Headquarters for both ticket sales for the Dance and returns for the canvassers.

Arrangements are also in hand at Beamsville, Smithville and Winona to meet their quota.

For the future it is believed that for 1947 and forward the Hospital will come under Municipal care, the same as Hamilton, St. Catharines, Niagara-on-the-Lake and others.

Our Hospital has been established by the close cooperation of the people from Winona to Jordan and South to Smithville, by which this \$90,000.00 institution has been brought into being and which has already served over 600 people and probably a 1000 by the end of the year.

This Hospital is owned by the

Schools Have
Ups And Downs

The triumphs and heartbreaks that befall a parochial school are absorbingly related in Leo McCarey's great Rainbow Production, "The Bells of St. Mary's," starring Bing Crosby and Ingrid Bergman.

With the gentle nuns relying on simple teachings and the power of prayer, and Father O'Malley, the new pastor, throwing in a little direct action to help matters along, difficulties are met and overcome, broken lives are mended and the school's very existence is preserved.

Father O'Malley is played by Crosby and Miss Bergman has the role of Sister Superior Benedict. Bing sings several times, mostly favorite devotional numbers, while Miss Bergman has a little Swedish folksong. The children's choir is heard in chorals.

This great picture is showing at the Roxy the first four nights of next week—three shows each night at six, eight and 10 o'clock.

This is an unusual year. It looks like people are going to wait until the Christmas season to do their Christmas shopping.

You can tell the man who really has religion. Bad weather doesn't keep him from attending church services.

It's just common sense to ...

Happy Event At St. John's Church

On Thursday evening, October 17th, the congregation of St. John's Presbyterian Church gathered to witness the "Burning of the Mortgage." The service was presided over by the minister, Rev. F. McAvoy and to Mrs. H. L. Roberts and Mrs. A. Hermiton went the honour of holding and burning this document. During the service Rev. I. B. Kaine offered prayer and Mrs. L. Larsen sang very acceptably "God Bless This Church." The singing of the Doxology brought to a close this long to be remembered and impressive service.

A Congregational Supper was enjoyed afterwards in the church rooms where the ladies of the church had prepared bountifully laden and beautifully decorated tables.

Following the supper all the past presidents of the Ladies Aid Society who were present received a corsage. Mrs. McAvoy presenting them to Mrs. H. Anderson the first president, who now resides in Hamilton, Mrs. Andrew Smith, Mrs. A. Stevenson, Mrs. George Crittenden, Mrs. L. Larsen. Mrs. Sam Harris was unable to be present to receive hers, but sent greetings. Corsages were also given to Mrs. Roberts, Mrs. A. Hermiton, Mrs. James Wray, the first presidents of the W.M.S., to Mrs. H. G. Mogg, the president of the Beaver Club, and to Mrs. McAvoy, by Mrs. A. Ryans.

Mr. George Crittenden, the chairman for the evening called upon different members of the church for short addresses. Those speaking were Mr. H. Morris, Mr. D. E. Anderson, Mr. W. Sangster, Mr. A. Hermiton, Mr. A. C. Price, Rev. I. B. Kaine, Rev. F. McAvoy, Mrs. H. Young, Mrs. F. Wade and Mr. J. H. Dick.

David Thompson, Chairman of the Board of Management, in a few brief remarks outlined the history of the church and the mortgage about to be burned. He said:

"I am sure that we as a congregation have every right to be very happy this evening. In January, 1929, this beautiful edifice was completed and dedicated. We had at that time a first and second mortgage, the first of \$6,200, the second of \$4,000."

"With hard work during the depression from 1929 to 1938 the Ladies' Aid with the help of other

organizations, and large donations given by individual members, we are here tonight to witness the discharge and burning of the \$6,200 mortgage."

"There were 15 male members of the congregation who signed this mortgage, guaranteeing \$500 each. They have every reason to be more than just happy. We had members who were very interested and gave abundantly while with us and are no more, they are silent witnesses. Will you at this time rise and pay tribute to their memory?" A one minute silence was observed.

A letter from Rev. George McLean expressed the good wishes of the Baptist Church.

Mr. Crittenden spoke feelingly of the kindness of the late Rev. A. Ballard who had given the use of the Parish Hall in the early life of the congregation.

A great deal of credit was given the L.A.S. for the large part they had played in helping to discharge the mortgage. Each president spoke of the loyal support they had received from the members. Some original "first meeting" ones being present were Mrs. H. Book, Mrs. C. Durham, Mrs. John Grant, Mrs. W. West, Mrs. McIntyre, Mrs. Wm. Sangster and others.

The Ushers' Club under their leader, Mr. Walter Morris, assisted in looking after the tables and were given a hearty vote of thanks, as were the other committees who had helped to make the evening a success.

The singing of the National Anthem brought to a close this milestone in the life of the church.

§

A woman tells fairy stories to her children to quiet them. A man tells fairy stories to his wife for the same reason.

Never judge a man by the clothes he wears, for many a patched coat covers an honest heart.

Make yourself an honest man, and then you may be sure there is one rascal less in the world.

Obituary

John Alexander McDonnell
Clerk of Caistor township for 18 years, and postmaster at Caistorville, John Alexander McDonnell died there on Sunday, in his 71st year.

Born in Caistor, a son of the late William and Ellen McDonnell, he had resided in Caistor township almost all his life. In earlier years he had taught school. He was a life long member, and elder of Caistorville United church.

Surviving, besides his wife, Janet Brown McDonnell, is a daughter, Mrs. Allen Kohler, of Hamilton. One brother, Albert McDonnell of Hamilton; three sisters, Miss Ida McDonnell, Mrs. Murray Lymburner and Mrs. Baxter Peart, of Caistor township; and two grandsons, Carl and Vaughan Kohler of Hamilton, also survive.

MRS. LEVI NELSON

After a lingering illness, Alice Electa Hitchcock, wife of Levi Nelson, of Smithville, died at the Devonia Nursing home, Fonthill, on Tuesday, in her 76th year.

Born in Caistor, a daughter of the late William and Rachel Hitchcock, she lived there until she came to reside in Smithville in 1920. She was an adherent of the United Church.

She is survived by her husband; three sons, Ira, Leland and Roy Nelson, of Niagara Falls, N.Y.; one daughter, Mrs. Harry Cartner of Grimsby; two sisters, Mrs. Rose Hagerman, Warsaw, N.Y.; and Mrs. Iva Thomas, St. Catharines; one brother, Daniel Hitchcock, Caistor township; and ten grandchildren.

Funeral services were held from the Merritt Funeral home, Smithville, on Thursday afternoon. Interment was made in Union cemetery.

MRS. MARY C. COSSIT

Numerous friend throughout the Niagara Peninsula will learn with deep sorrow of the passing of Mrs. Mary C. Cossit, at her late home in Madison, Conn., in her 79th year.

The late Mrs. Cossit had been a former resident of the Thirty, living that district for more than 25 years, where she formed a wide circle of friends and acquaintances, who will be grieved to hear of her death.

The late Mrs. Cossit was the beloved widow of Newton Cossit. Born in Brockville, the deceased had been a member of the United Church.

She leaves to mourn her demise one son, Max Cossit of St. Catharines, one daughter, Miss Jenny Cossit of New York City, one sister, Mrs. Beehler of Ottawa, and one granddaughter, Jean.

Funeral services were conducted in Brockville on Monday, October 21st, at 2:30 o'clock, with interment being made in Brockville cemetery.

ANSON BURGESS BOOK

A lifelong resident of North Grimsby and Grimsby, son of a pioneer family, Anson Burgess Book, passed away during Tuesday night at his residence on Maple Avenue.

He was born in North Grimsby, on the old Book Homestead, now owned by the Basilius Fathers, in November, 1870, the son of the late Robert O. Book and Miranda Beamer. He resided all his life on the farm up until four years ago when he moved to Grimsby.

Mr. Book always took a keen interest in township affairs and it was only on Saturday last that he attended Township Council meeting winding up the last details in connection with the large acreage of land on the mountain brow that he had donated to the township as a public park and picnic grounds to be known as the Beamer Memorial Park.

He has no surviving relatives except several cousins. He was a member of St. John's Presbyterian Church.

Funeral services will be held at the Stonehouse Funeral Home this (Thursday) afternoon at 2:30 p.m. Interment will be in Queen's Lawn cemetery.

Third Nomination
In Ten Months

On Friday of last week Gainsboro township held its third nomination within ten months time, the nomination was caused through the sudden passing of Deputy Reeve M. Lorne Book. There was only a small attendance and one nomination for the position of Deputy Reeve, that of Murray Misener, who had resigned as a Councillor in order to stand for this position.

Mr. Misener has served as a councillor for the past seven years.

Mr. Robert Emaley, a new man in the field for councillor, was the only nomination to fill this vacancy for the balance of 1946. Thus both positions have been filled by acclamation and no election will be necessary.

Many a man puts on an act when he acts like a gentleman.

A New York taxi driver found a fortune in his cab. It must have been a dozen eggs, a pound of butter and a slice of bacon.

Illegal To Start
Street Bonfires

With the season for the burning of leaves and starting of bonfires again rolling around, Chief W. W. Turner has asked The Independent to bring to the attention of the citizens of the town that is absolutely against the law to burn leaves or start any kind of a fire on a public street.

It is the intention of the police to stop it and already members of the force, while cruising about the town, have come upon persons burning leaves on the street, and have ordered them put out, as well as giving the guilty party a warning.

Warnings will be issued at first, the Chief stated, but if the practice is not stopped, it will be necessary to lay charges.

Father Sick—Daughter Carries On

Barbara Lee Aylesworth, twenty-year-old blonde beauty of Watford, Ontario, gamely carries on the publication of her father's weekly newspaper, the Watford Guide-Advocate while he is barred from work because of a heart ailment. Barbara Lee has assumed full responsibility for getting out the paper. (Left) She locks up a form containing the story she has just written on the new Canada Savings Bond issue. Like many weekly publishers, Barbara Lee not only writes the news and helps out in the composing room, but sells advertising space to local merchants. (Right) Barbara Lee points out to Mr. Carmen C. Harper, owner of the Watford furniture store that the advent of a Canada Savings Bond issue gives him an opportunity to inform his customers of a good investment for their savings, by running an advertisement sponsoring the issue.

The Anniversary Supper of Fifty United Church will be held on the evening of Monday, November 18th.

Chas. H. and Mrs. Saunders and daughter Dorothy, spent Thanksgiving with Mrs. Saunders' brother-in-law and sister Lt. Col. and Mrs. Fred Kemp, Nelles Blvd.

Col. Walter J. Gillings, until recently chief Protestant chaplain of the Canadian forces in Britain has been appointed rector of St. Luke's Anglican Church, Peterboro. He is a brother of Provincial Constable Wm. Gillings of Grimsby.

Mrs. Frank Johnson and sons, Eldon and Wilson Ledrew, accompanied by Mrs. Fred Schwab, left by plane for New York on Wednesday morning, to attend the wedding of Mrs. Johnson's daughter, Miss Jean Ledrew.

Mrs. L. W. Sovereign of Central Ave., Grimsby Beach, was in Lucas last Thursday attending the funeral of her brother-in-law Mr. Walter Sovereign. Mr. Sovereign who was 82 years old, and who has been editor of The Lucas Sun for 46 years had been in the printing business for 63 consecutive years. He always enjoyed excellent health until a few weeks previous to his death.

During the signing of the register, Mr. Leslie MacKay sang "Oh, Promise Me."

A reception for 60 guests was held at the Emerald Main Dining Room, and later the happy couple left by motor for a trip to points east, the bride wearing a romance blue suit with black accessories.

On their return the young couple will reside in Hamilton.

A handsome gift of silverware was presented to the bride-to-be by the Metal Craft Co. Ltd. and their employees.

Rebekah Lodge

The regular meeting of Alexina Rebekah Lodge was held on Tuesday evening, November 22nd, with Noble Grand Sister Kipper presiding. At the conclusion of the business of the lodge a presentation was made to Sister Dorothy Douse who is leaving our midst. A few games of euchre were enjoyed by the members, followed by piano selections by Sister Mary Chivers and lunch by the refreshment committee.

FALL RECREATION

Even with pleasant with summer holidays a should not be only, recreation Department of Narcotics, warns the Welfare, Ottawa. National Health and the opportunity to idle waiting for sports again in the winter outdoor the department recommends months, dozen setting-up exercise "daily" keeping fit, and reminds see for after health that there is always opportunity for hiking and cycling.

Grimsby Student Wins Scholarship

At a special meeting of the Duet Club of Hamilton, held last Wednesday afternoon in the recital hall of the Hamilton Conservatory of Music, Miss Joanne Eaton of Grimsby, was presented with the club's annual scholarship in memory of its founder, Ellen Ambrose. In presenting the scholarship, which consists of \$100.00 in further Britton, to Miss Eaton, Mrs. Lecong, the president of the club, and congratulated her on her success and all the pressed the good wishes of Eaton and members of the club. Miss expressed accepting the scholarship both to the Duet her appreciation both to Mr. Donald Kennedy, of the staff of Music, Hamilton Conservatory of Music.

At the request of the president, Miss Eaton then played three of the compositions which won her the scholarship, "Liebeslied" by Mendelssohn, "Arabesque" in E. Major, by Debussy, and Chopin's "Polonaise Militaire."

The Ellen Ambrose memorial scholarship is awarded annually to the pupil who passes the Grade 10 examination at the Hamilton Conservatory of Music in either vocal or instrumental with the highest standing, and the winner of the scholarship thus competes with not only all Hamilton pupils but with those of surrounding districts.

In June Miss Eaton passed the examination with 85 per cent, the highest mark awarded throughout the year, her examiner being Mr. Reginald Godden of the Toronto Conservatory of Music.

Miss Eaton has now entered the first year of the Bachelor Course in the University of Toronto, and has joined the Leslie Bell Singers, internationally famous girls' choir.

Boy Scouts

Next at 7.00 Parade, Monday, Oct. 28th, at 7.00 p.m.

Leaders to contact their patrols and remind them to parade in full uniform as it is to be a special parade at which visiting Leaders and Sisters will be present.

The following awards were made for special work on Apple Day. Best decorated basket, 1st, Tom Symons; 2nd, Peter Phelps; 3rd, Dan., Phillips. Highest collection, 1st Patrol Leader T. Robertson; 2nd Patrol Leader D. Levine; 3rd, John Glanville.

Will Celebrate Hallowe'en Night

Next Thursday night — Hallowe'en — is kids night in Grimsby and once again the merchants are sponsoring a big parade and judging contests for valuable prizes for those in costume.

This year there will be 23 prizes for the various costume classes and one grand prize.

The parade will form up at the Grimsby garage at seven o'clock sharp and parade through Main street and Livingston Avenue to the Arena where the judging will take place. The evening performance will be enlivened by music by the High School Cadet Corps bugle band.

This parade has been a Grimsby feature for a good many years. It was away back in the early 30's when Henry Hillier first conceived the idea and it has been a popular event ever since. This year should be no exception to the rule.

Synthetic tires are now being made from potato surplus. It seems that rubber is being made out of everything except rubber.

WARNING

It is illegal to shoot off firearms within the confines of the Town of Grimsby — whether pheasant hunting or otherwise.

All persons who are guilty of this offence will be prosecuted to the fullest extent of the law.

W. W. TURNER,
CHIEF CONSTABLE.

October 17th — To Stanley and Mrs. Copping, Winona, a daughter.
October 20th — To Jack and Mrs. Chivers, Grimsby, a son.
October 23rd — To Jack and Mrs. Sheldrick, Smithville, a son.

Cubbing

Owing to the large enrolment the 1st Grimsby Pack has been divided into two troops. Troop A will meet in the High School Gym, Thursday evening of each week at 6.30 p.m., while Troop B will meet at the same time on Friday evening. Both troops will be under the leadership of C. M. Mote. It is felt that by dividing the Pack in this way more badge work may be done and more Cubbing activities accomplished.

Messrs. W. Kelterborn and R. C. Bourne of the Group Committee were welcome visitors at last Friday's meeting. Mr. Bourne announced a special prize had been awarded to Cub Jon Hand for his super salesmanship on Apple Day. While Jon is one of the younger Cubs he did a splendid job selling the idea of Cubbing and Scouting to the general public.

Grimsby Red Cross

RED CROSS PUBLISHED HISTORY OF ONTARIO

The history of Ontario Red Cross, 1914-1946, written by Major E. H. A. Watson of Toronto, has just been released by the Ontario Division of the Society. It is an attractive 90 page volume and contains a wealth of information on the story of Red Cross activities in World War I, in the peacetime period from 1919 to 1939; and of the work of the Ontario Division in World War II. The author was a full-time volunteer serving as Field Secretary for the Division throughout World War II.

The beginning of its 26th year of achievement is a most appropriate time for the production of this very complete story of the work of the Ontario Division: the continuous story from its inception throughout the early years, while it was adapting itself to the demands of one of the most difficult periods in Canadian history — an epic of endeavour without parallel in our national life.

This history, which should be of exceptional interest to every Red Cross worker is available at cost price at the Ontario Division headquarters, 621 Jarvis Street, Toronto.

SPORTOLOGY

(By Bones Livingston, Sportologist)

HOCKEY IS IN THE AIR—At a well attended and enthusiastic meeting held in Grimsby on Thursday evening, October 1, the West Lincoln Branch of the Canadian Legion sponsored the entry of a Grimsby Intermediate 'B' into the O.H.A. for the coming season. The slate of officers elected were as follows: President, G. Shepherd; Secretary, Rev. B. A. O'Donnell; Treasurer, Gr. Capt. H. R. Dowie, O.R.E. Coach, Mr. J. R. McVicar; Assistant Coaches, Messrs. H. N. Reid and Rev. B. A. O'Donnell. Trainers, Messrs. M. Sweet and J. Hand; Directors, Col. G. R. Chetwynd, M.C., D.C.M.; Messrs. Archie Dixon, George Warner, George Marr, Thos. Warner, D. E. Anderson and A. M. Alton. Delegates to the Annual O.H.A. meeting were elected and Mr. J. R. McVicar and Rev. B. A. O'Donnell will represent the Grimsby team at the same.

The team will bear the name of 'Peach Kings' and will also carry a Legion Crest on their sweaters. Practice hours have been assigned to the team by Mr. George Marr of the Arena as follows: Monday, 7 to 8 p.m.; Tuesday, 8 to 9.30 p.m.; Wednesday, 6.45 to 7.45 p.m.; Friday, 8 to 9.30 p.m. An effort will be made to have all home games of the local club staged on Friday evenings during the playing season so that Friday night and Hockey night will be synonymous in Grimsby this year. All players interested in trying out with this team are advised to contact any of the following gentlemen as soon as possible: Messrs. H. N. Reid, Beamsville, 101-285; J. McVicar, Grimsby, 151; Father O'Donnell, 107. Practices will commence early in December and more details relative to the same will be carried in the columns of the paper which you are reading. The team this year is open to all hockey candidates residing in the Grimsby area and any boy who feels that he would like to have an opportunity to try for the same will be cordially welcomed.

The Legion will in all probability also sponsor an entry in the O.R.H.A. the same as last year so that in the event a candidate does not succeed in making the O.H.A. team he will still have a chance to land a berth on the O.R.H.A. entry.

Each and every possible angle of the hockey picture was thoroughly discussed so that all the members left the meeting with a clear and concise picture of the complete set-up. One new feature with regard to the management has been incorporated into the minutes, namely, that after the team has been selected and are ready to commence their schedule, two of the members of the team, to be selected by the team, will sit in at all meetings of the board to present the team's viewpoint on the agenda.

THIS WEEK IT'S HASH—Press despatches from overseas are to the effect that the boys who slap the puck around in the Scottish hockey league are having a lot of difficulties with the rink owners. Financial and otherwise. . . . It's Pheasant hunting time in the Fruit Belt. Duck for the dugout every time you spot a city feller coming your way with a gun. Nine times out of 10 the gun knows more about him than he knows about the gun. . . . GAMECOCK WARNER is working out with the Hamilton Pats. . . . There is a rookie player in the N.H.L. who will be a much talked about kid before the season is over and he got his start in the hockey world right on the ice of GRIMSBY ARENA. He is Leo Reise, Jr., and played his first hockey with the PEACH PITTS, a midget team. Then he played with the PEACH BUD juveniles. His father, Leo Reise of Hamilton Tigers and Americans fame in the N.H.L. was coaching the PEACH KINGS intermediates. Right from his midget days young Leo showed plenty of promise. Last winter he was with Kansas City Pla-Mora in the American Association and was picked up by Chicago Black Hawks and given promise of being the prize rookie of the year. When he played in GRIMSBY as a kid he was a right winger. He is now using his six feet, 200 pounds on defence, and the critics say that he hits opposing forwards in much the same smash-em-down manner as his old dad did. . . . Winter is just around the corner. TOM WARNER is starting to dig out his innumerable sweaters.

STILL LIFE IN THE QUEENS—A look at last week's score sheets prove that there is still hope for some of the PEACH QUEENS who fell from the high spots at the beginning of the league schedule. They are beginning to show some of their old time form. Incidentally a lot of the younger lassies are showing signs of being hard bowlers to beat before the season is over. . . . JOSEPHINE KANSKI toppled MARY GORDON off the high single pole when she rolled 288 and BUD ELMER knocked PHIL GILLESPIE and her high triple flying when she trundled 775. . . . MARY GORDON and her VALENTINS came right up into the men's division when they rolled nine games better than 200. This is the largest number of 200 games ever bowled by a ladies' team. . . . There is no stopping that PRINCESS SOUTHWARD on the VEDETTES team. Now that she has broken loose she is going to have her fling. She knocked off a 270 the other night.

THINGS ARE GOING TO BE DIFFERENT—The handicap system is starting to work in the MEN'S league. This will level some of the top-notchers off and give the little fellows a better chance. . . . Zowie. PEACH KINGS took three points from EAST END thanks to those three games of STOKES, 256-215-204. . . . Miracles will never cease. BOULEVARD with WILLIE HEWSON bowling a triple 783 took three points from the PIRATES. Each team had six games over 200 with LITTLE WHIZZER having a 308. The VILLAGE BANKE was pretty hot too, with two games over 200. . . . WONDER'S took three from the WEST END with FRANKIE HURST being high man with 782.

PLAY AND HEALTH
While there's a thrill in watching a sports event, there's more health in active participation in games. This reminder is issued by the Department of National Health and Welfare, Ottawa, in a bulletin which calls on those interested in health to "climb down from the grandstand and take part in some game." Fun and fitness, the department points out, go hand in hand.

It is said that man is the only animal that laughs. Well, at least at his own jokes.

Phasant Hunters
Pay Attention

Open season on pheasants in Ontario have been announced by the department of lands and forests. The days for shooting are as follows, between the hours of 8 a.m. and 5 p.m.

Oct. 23, 26 and 28—Townships: Caistor, Clinton, Gainsboro, Grantham, Grimsby North, Grimsby South, Louth and Niagara in the County of Lincoln.

Bertie, Crowland, Humberstone, Pelham, Stamford, Thorold, Wainfleet and Willoughby in the County of Welland.

Ancaster, Barton, Beverley, Binbrook, Flamborough East, Flamborough West, Grafton and Saltfleet in the County of Wentworth.

Oct. 25 and 26—Marysburgh South in the County of Prince Edward.

Pickering, Whitby and Whitby East in the County of Ontario. Gwillimbury North, King, Markham, Scarborough, Vaughan and Whitechurch in the County of York.

Albion, Caledon, Chinguacousy, and in the portion of the Township of Toronto lying south of the Queen Elizabeth Way in the County of Peel.

Esquerring, Nassagaweya, Nelson and Trafalgar in the County of Halton.

Pualinch in Wellington County. Burford, Dumfries South and Onondaga in the County of Brant.

Dereham and Oxford East in the County of Oxford.

Aldborough, Bayham, Dorchester

South, Dunwich and Malahide in the County of Elgin.

Oct. 31 and Nov. 1—Pelee Island in the County of Essex.

Bag Limit—Three cock birds per day, except in Pelee Island where the limit is four cock birds per day.

Fees—In Pelee Island the fee is 55.

For the townships in Lincoln and Welland Counties the fee for residents is \$1 for the season. Non-residents will pay \$2 for a one-day license or \$4 for a three-day license.

In other townships listed the fee is: Residents, 25c; non-residents, \$1 per day.

In no case may rifles be used when pheasant hunting.

Individual Watering
is no Problem
with a DURO Pump

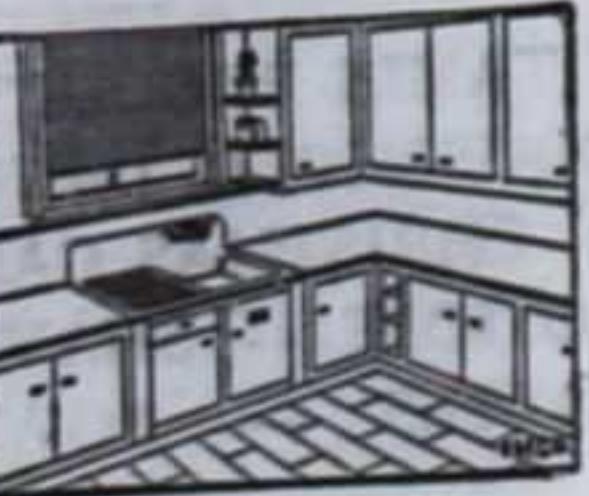

Keeps fresh clean water before the Cattle
all the time... when they want it.

PUMP water through your barn with the de-
pendable DURO PUMP. Running water has
become a necessity on the modern farm where
time and labour are so valuable. The convenience
alone is worth the cost.

CANADA UNLIMITED — The Formative Years

Photo from "Expedition Muskrat"—
after a painting by R. York Wilson, O.S.A., Official Government Artist to Expedition.

The Last Frontier + + + + +

EXPEDITION MUSKRAT. Forty-five men travelling where men had never travelled before with mechanized vehicles, shattering the white silences of the Arctic with the thunder of their passing. . . . Breaking through Canada's last frontier—3,500 miles of forest, tundra, and frozen Arctic seas.

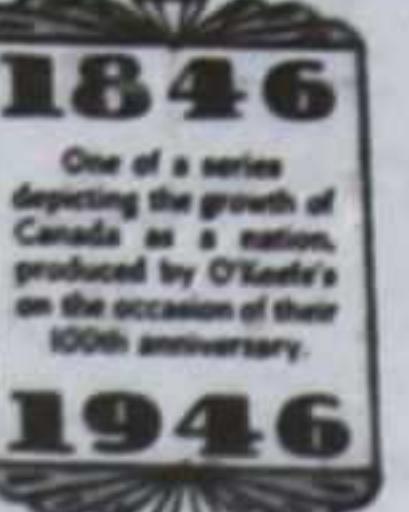

Forty-five men pushing forward day by day over the centuries-old trails of the pioneer fur traders. From Churchill to Victoria Island in the Arctic Ocean . . . to Coppermine . . . to Port Radium . . . Norman Wells . . . Fort Simpson . . . the Alaska Highway.

Names—romantic names that so closely combine Canada's past and Canada's unlimited future. Coppermine, discovered by Samuel Hearne in 1770 . . . Port Radium, as new as tomorrow. Fort Simpson, that knew the tread of Alexander MacKenzie when he charted the

route to the Arctic in 1790 . . . Norman Wells, storehouse of oil for Canada's future needs.

And the men of Expedition Muskrat, they too combine the old and the new; the courage and hardihood of the pioneers with the skills and methods of the 20th century. They have shown us the ever-widening horizons of Canada

Unlimited—a country young, strong, confident . . . marching forward into a new and greater era . . . into a future in which we can share in a way open to every Canadian: our purchase and holding of Victory Bonds.

ASIDES

Languages Merged

A new language—Netherlandish—is to replace the Flemish of many Belgians and the Dutch spoken in Holland, as a result of the findings of a joint commission which has recently been sitting. It decided that Flemish is not fundamentally different from the language of Holland, but a new spelling of the joint language has been drawn up.

This, and French, will be taught in Belgian schools next term.

INDUSTRIAL HEALTH

Workers in industry are advised by the Department of National Health and Welfare to make full use of first aid, consultative and medical services provided in factories and workshops. "Health is earning power": the Department reminds workers and employers alike, commenting on the provision in up-to-date factories of preventive services to guard against industrial sickness as well as accident.

**Ahhhh!...
Canada
Savings
Bonds**

There is still time to buy Canada Savings Bonds—but don't wait for a representative to call on you. There will be no national house-to-house canvass—these are "Serve Yourself" Bonds, so it is up to you to make sure you buy.

Buy them through your Bank, Investment Dealer, Trust or Loan Company, or through your Payroll Savings Plan. They are safe as Canada—pay good interest—and you can get your money back at any time.

No. 8 Highway, Grimsby Beach, in Connection with
Caribou Inn (English Inn)

THE GRIMSBY INDEPENDENT

CONTINUATIONS

From Page One

WOMAN CHARGED

body of a baby wrapped in a pair
of torn overalls and place in a bag.
It was buried about eight inches
under the ground.

Provincial Constable Leslie R.
Taylor of Hamilton, assisted by
Provincial Constable D. H. Rogers
of Stoney Creek, and Constable
Donald Ferguson of Saltfleet Town-
ship, have been quietly investigating
the baby's death since the
weekend.

The police investigations were
spurred when the result of a
post-mortem examination by Dr.
W. J. Deadman, pathologist of
Hamilton General Hospital, be-
came known. The baby was fully
developed and was at least a few
days old. No marks of violence
could be distinguished, but it was
evident the body had been buried
for a period of between two and
six months.

FRUIT TREES FREE

amounted to \$81.

Road Supt. Thos. Mackie report-
ed all township roads are in fine
shape to go into the winter, unless
the district is deluged for several
days with rain and then a quick
freeze-up comes.

Councillor Mitchell's agitation
for a reduction of speed limit on
No. 8 Highway through the town-
ship, owing to it being a congested
area, has borne some fruit. Depart-
ment of Highways notified council
that engineers were now making a
check on the traffic over this
stretch of road and a decision
would be given shortly.

Three weeks ago The Independent
reported that the township
general tax rate for 1946 would be
16 mills. This was in error, or rather
it was confused with the County
Rate. The actual general tax rate
for the township this year is 11
mills. Of course each school sec-
tion will have its own mill rate
which will be added to the general
rate for tax collection purposes.

Court of Revision on the 1946
Assessment Roll will be held pre-
vious to the regular council meet-
ing on Saturday, November 9th.

Councillor Bartlett was to the
fore again with his argument for
a garbage collection in the east
end of the township below the
mountain. Reeve Durham, Dep.
Reeve Aikens and Councillor Bart-
lett were appointed a committee to
traverse the township and try
and locate a spot about an acre in
extent, that would be suitable for
this purpose and make arrangements
for purchase of same. In
any event a garbage collection
cannot be started until the newly
purchased truck is on the job.

At the September meeting of
council Mr. Mitchell sponsored a
motion to secure information from the
Attorney-General as to why no
inquest had been held upon the
death of Miss Joan Betty Anderson,
who had been killed while
walking along No. 8 Highway, by
a motor car, on Sunday, August
18th.

The following letter regarding
this matter from C. L. Snyder,
Deputy-Attorney-General is self
explanatory:-

Thomas W. Allan, Esq.,
Clerk and Treasurer,
Township of North Grimsby,
R.R. No. 2,
Grimsby, Ontario.

Re: Betty Joan Anderson, deceased

Dear Sir:
This will acknowledge your letter
giving notice of a resolution
passed by the Municipal Council of
North Grimsby at a meeting held
on September 28 last. Upon receipt
of the said letter the departmental
file containing the details of this
most unfortunate fatality was re-
viewed.

As a result of the incident which
occurred on No. 8 Highway just
west of Grimsby on Sunday morn-
ing, August 18, 1946, a charge of
dangerous driving under the Crim-
inal Code of Canada was preferred
against Stanley Sobkowich. I am
advised that Sobkowich appeared
in the Magistrate Court in St.
Catharines on this charge and was
committed for trial by His Wor-
ship Magistrate J. H. Campbell.
Sobkowich exercised his legal right
to elect trial by jury on this
charge. His trial will, therefore,
take place before the County
Judge and a jury in the Court of
General Sessions of the Peace for
the County of Lincoln, which opens
in the Court House in St. Catharines
on Monday, December 2.

For your further information
you are advised that it is provided
in the Coroner's Act of Ontario
that no inquest shall be held touch-
ing death in which any person has
been charged with a criminal
offence arising out of such death.
You will, therefore, understand
that inasmuch as Sobkowich was
charged with the criminal offence
of dangerous driving under the
Criminal Code of Canada as a re-
sult of the death of Betty Joan
Anderson, a coroner was without
authority to hold an inquest.

Yours very truly,
C. L. Snyder,
Deputy Attorney-General.

NEW VILLAGE

Louth Township. It is felt by the
residents that better services and
facilities can be provided if they
control their own administration.

According to the notice which
has been mailed to all councillors,
the bylaw will also fix a time and
place for the nomination and election
of the trustees who will govern
the village. A returning officer
will also be named and the time
and place of the first trustees
meeting will be fixed.

If the bylaw is passed, it will
probably be sent to the Ontario
Municipal Board for approval, Mr.
Millward stated.

WANTED

Old Pictures

The Independent is desirous of
obtaining the loan from residents of
Grimsby and North Grimsby of old
time pictures of individuals, groups,
street and other scenes.

In the making of a reproduction
the picture is not harmed and
will be returned to the owner in as
good shape as when received.

Dig into the family album and
the attic storage room and let us
have some of those old time pic-
tures.

Farmers

Sing a song of farmers,
Up at early morn,
With four-an-twenty chores to do
Before the breakfast horn.

When the breakfast's over,
There's little to be done,
Except to plow the foder
And let the harrows run.

And mow the sheep and prune the
beets

And curry up the swine,

And shear the hens and dig the hay

And shoe the gentle kine,

And saw the wheat and rake the
rye.

And wash and dress the land,
And things like that which city
folks

Can never understand.

There seems to be more football
up-sets than there are set-ups.

Phone 36 for Your Next Printing Order

MISSING . . .

Bottles, jars, all sorts of glass containers are MISSING! The
warehouse shelf, the wholesaler's storeroom, your retailer's shop . . .
they're all feeling the bottle shortage. The shelves that used to be
packed with full bottles, jars and containers are now empty—very
empty. Your manufacturer and dealer are depending on you to
return these empty bottles so that he can refill them again. You
depend on him to deliver the goods you need. Doesn't it seem
reasonable for you to help each other out? Remember, no bottle
means no refill. Please go up and return to the dealer ALL
your empty bottles today.

WHY A BOTTLE SHORTAGE?

Canadian glass factories normally produce MILLIONS of bottles every month. The vital ingredient in bottle making is soda ash. The only big Canadian soda ash factory was strike-bound for months. Stocks of soda ash have been used up . . . bottle factories are closed down . . . bottles are not being made today. Beverage bottlers and all producers of bottled liquids must have your bottles back to keep going. Bottling plants will close down too . . . if your empties are not returned.

Hard to believe

TELEPHONE CALLS
HAVE MUSHROOMED
IN THE LAST TWO YEARS!

... and they're still zooming! That is one reason why when you pick up the telephone, you can't always get through to your party just as promptly as you (and we) would like.

Operators are working at top speed — present equipment is being stretched to its fullest possible use — and we are working against time to hurry the highly complicated installations which are essential to handle the ever-growing number of daily calls.

So, when you use the telephone, will you please remember these facts if your operator sometimes seems slow to answer, or your call is otherwise delayed.

BELL TELEPHONE COMPANY OF CANADA

(By BRYDON and RICHES)

Sports Dept.

Grimsby H.S. 22, Dundas H.S. 6. Touchdowns by Kapusti, Cole, Metcalfe and Jewson. Single points by Cole and McPherson.

Comment—"Ho-Hum." Grimsby H.S. 11, Dunnville H.S. 0.

An all day rain had turned the playing field into a mess of slippery grass and mud. A cold East wind was sweeping across the field, turning fingers to ice and making a rugby ball like a cold, wet bar of soap. Under these conditions Grimsby took the field to defend an unblemished record against a tough-hard-hitting Dunnville twelve.

During the first quarter Dunnville had the play much their own way. But late in the quarter a long pass from "Muscles" Ruse to "Swivel Hips" Jewson changed the complexion of the game entirely. Two plays later "Skip" Smith took a long pass from Jewson and went over standing up.

The score remained 5-0 until the third quarter when Smerek caught another pass for touchdown number two. "Powerful" Cole converted to make the final score 11-0.

Future Games

Today at 4 p.m. Dundas vs. G.H.S. is a return game. Don't miss it.

Social Dept.

Friday night's Rugby Dance was a huge success. Decorated with miniature footballs, rugby helmets, etc. and streamers in the traditional red, white and black, the auditorium made a perfect setting for the evening celebration of the Rugby team's victory.

The music was supplied by records and for variation there was a Paul Jones, Bingo Dance and a

IN OUR TIME

By Howie Hunt

"Shirts? — shirts? — Oh, yes — we have some fine shirts — sanforized — with cut-away windsor collars — but we're saving them for the employees."

Spot Dance. Mary Morris and "Herb" Betzner won themselves a box of chocolates for being the couple under the too obvious "spot."

In an interview with Exec. Pres. Jewson we learned that big things are in store this Hallowe'en. 'Hav' is a busy man these days, although he did pause long enough, before dashing in to Miss Adams' room for a session in Latin Authors, to tell us this — "We're going to do our utmost to give the students the best Hallowe'en dance they've seen. We're going to have everything from corn to cider (soft)."

WHAT HAPPENS ON NOV. 9, BOYS?

Special Feature Dept.

STUDENT OF THE WEEK

This week's S.O.T.W. is quiet, good-looking DON GARDHAM.

Originally from Montreal, he came to G.H.S. in the fall of '45. Ever since then the boy with the wavy red hair has been very popular with both teachers and students. Parents will remember him as "Herman Winkle" in last year's Dramatic Night play, "Murder by Morning," and also by his fine solo work with Mr. Eaton's choir.

This year, however, he was back at school for only a few weeks when he contracted poliomyelitis. To-day Don is in an isolation ward in the Hamilton General Hospital. We, here at the school are unable to do a great deal for him, but we do know this, he is a fine boy and he is in there pitching. Latest reports indicate that his condition is improving steadily and in a short while he will again be back with us.

Addition No. 2 to our special feature dept. follows herewith in this column every week from now on we will print, in our opinion the most humorous situation or happening which takes place at the High School each week, and it will be called "The Joke of the Week."

JOKE OF THE WEEK
Says the Manager of the Rugby Team.

"When they turned the first-aid kit upside down and shook it to see if the lid would come open, didn't mind. When they pushed the players off the bench and used it for a grandstand, I didn't mind, but when they start stepping off the bench and putting their feet in the water bucket, that's all, Broth-er!"

Safe Rules For
Bicycle Riders

Bicycle riders are being taught the rules of safe bicycling through the medium of a new booklet, "You and Your Bike," now being distributed by the Motor Vehicles Branch.

In announcing the release of this booklet the Hon. Geo. H. Doucett, Minister of Highways, pointed out that in 1945 deaths resulting from collision between motor vehicles and bicycle increased by 56 per cent. from the total for 1944, as compared with an increase of 22 per cent. in all motor vehicle fatalities.

Illustrated with photographs of safe and unsafe bicycling practices, the booklet emphasizes the need for traffic law observance, keeping bicycles properly equipped and maintained, and the need for continued alertness to avoid actual or possible hazards.

Among the unsafe actions contributing to most accidents the booklet points out are: riding on the wrong side of the street, zig-zagging in and out of traffic, ignoring traffic lights, stop signs, and riding at night without proper lights.

Because of the present paper shortage, the booklets are being distributed only to bicyclists in the schools, but additional copies may be had by writing to the Motor Vehicles Branch, Toronto 2.

A legend is a lie that has been told so frequently no one has ever investigated to see if it was the truth.

Visits Extended

American-minded Canadians who like visiting the other side will be pleased to learn that visits are now allowed up to six months without presenting any passports, visas or other documents.

The new arrangements according to Attorney-General Tom C. Clark had been made between the State and Justice Departments, following the barriers laid down during the war.

During the war era, Canadians desiring to remain in the United States longer than 29 days had to go through a lot of red tape, namely finger prints, registration and travel documents.

The new plan will permit Canadians to enter the States in much the same manner through which Americans go to the Dominion.

Just Wives

Wives are the reason that great world problems are never solved.

A man suddenly gets an idea. He is simply bubbling over with it.

He must unfold it to somebody. He starts enthusiastically to his wife:

"What?" he asked, stopped in full flight.

"Are, not in," she replies.

He starts again with a little less fire:

"Well, let Stalin—"

"Should it be Stalin or Stal-

leen?" she asks.

"What difference does that

"make?" he retorts — and falteringly gets under way again.

"The key to the whole thing is the—"

"Did you leave the cellar door open when you came up," she breaks in brightly.

About this point the old man stops worrying about the world's problems and goes downstairs and shakes heck out of the furnace.

Smile: Disappears as fast as a \$10 bill shopping for groceries.
